

Crusade Developments is committed to minimizing the environmental impacts associated with our construction and development activities, products and services in all locations we conduct business.

We believe we shall achieve this by developing, implementing and maintaining an integrated Environmental Management System within the organisation.

Crusade Developments is committed to:

- Complying with or exceeding applicable legal requirements and other requirements to which Crusade Developments subscribe which relate to our environmental aspects;
- Preventing pollution;
- Achieving continual improvement through the development of environmental performance evaluation procedures and associated indicators; and
- Minimizing any significant adverse environmental impacts of new developments through the use of integrated environmental management procedures and planning.

We shall communicate this Policy to all persons working for and on behalf of the organisation and to the General Public.

Crusade Developments Senior Management shall continually monitor and evaluate the performance of the Environmental Management System, and shall annually set and review the Environmental Objectives and Targets for the organisation.

Robert Tisdell  
**Managing Director**
